

**Center for Graduate Studies
Time Extension / Grade Extension Agreement**

At the instructor's discretion, for extenuating circumstances, additional time may be given to a student to complete additional work and/or exams after the final grade is submitted for a course. This form must be on file in the CGS within one week of posting of grades in the semester of course registration. This form documents the agreement between instructor and student for both requirements and deadline.

Assignment of initial grade

At the time final grades are due, the instructor shall assign the grade that the student has earned at that time. This form documents the expectations required for a grade change to be possible after grades are due.

Changing the grade

If the instructor determines the additional requirements were completed satisfactorily and on time, he or she must submit a Change of Grade form to the Registrar's Office. The Chair of the Department must also sign the Change of Grade form. This form is not the Change of Grade Form.
