E-VERIFY PARTICIPATION BY NEW MEXICO TECH

Federal law requires all employers to verify the identity and employment eligibility of all persons, newly hired and presently employed under a Federal Contract and subcontract, using the E-Verify Internet Based System.

E-Verify is an Internet-based system operated by the Department of Homeland Security (DHS) in partnership with the Social Security Administration (SSA) that allows participating employers, of which New Mexico Institute of Mining and Technology has chosen to participate, to electronically verify the employment eligibility of their newly hired employees. U.S. Citizenship and Immigration Services (USCIS administers the program.

The program provides participating employers an automated Internet-based resource to verify the employment eligibility of newly hired employees. Participating employers run authorization checks on all newly hired employees, including U.S. citizens and non-U.S citizens, against SSA and DHS databases (about 449 million, and 60 million records respectively). Through this process, E-Verify assists employers in maintaining a legal workforce and protects jobs for authorized U.S. workers.

New Mexico Tech will provide the Social Security Administration (SSA) and the Department of Homeland Security (DHS), with information from each new employee's Form I-9 to confirm work authorization.

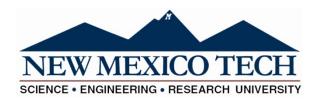

IMPORTANT: If the Government cannot confirm that you are authorized to work, this employer is required to provide you written instructions and an opportunity to contact SSA and/or DHS before taking adverse action against you, including terminating your employment.

Employers may not use E-Verify to pre-screen job applicants, and may not limit or influence the choice of documents presented for use on the Form I-9.

If you believe that your employer has violated its responsibilities under this program or has discriminated against you during the verification process based upon your national origin or citizenship status, please call the Office of Special Counsel for Immigration Related Unfair Employment Practices at 1-800-255-7688 (TDD: 1-800-237-2515).

I have read the above policy and have been given the opportunity to ask questions concerning this policy.

HARASSMENT

It is the policy of New Mexico Tech that all employees be able to enjoy a work environment that is free of discrimination and harassment. Harassment of any kind creates an intimidating, hostile and offensive work environment that destroys working relationships and productivity. Harassment refers to behavior that is personally offensive, impairs morale, or interferes with the ability of employees to perform well. Any harassment of an employee or employees by any other employee or employees cannot be tolerated. This policy refers to but is not limited to harassment due to age, race, color, national origin, ancestry, religion, sex, physical or mental disability, medical condition, or veteran status. Harassment includes unsolicited or pictures degrading either to gender or to racial, religious, or ethnic groups. Sexual Harassment includes sexual advances, request for sexual favors, and other conduct that is sexual and offensive. Employees who engage in any of these activities are subject to a disciplinary action that could result in the termination of employment.

Individuals who believe that they have been subjected to harassment should make it clear that such behavior is offensive to them and should not continue. If the offensive behavior does continue, it should be brought to the attention of the employee's supervisor, Director of Affirmative Action and Compliance, the Director of Human Resources or another appropriate manager. Any manager or supervisor made aware of such a harassment incident must promptly inform the Affirmative Action and Compliance Office and the Human Resources Office of such incidents. The Affirmative Action Office will investigate all harassment complaints.

Managers and supervisors are expected to halt any harassment of which they become aware by restating the policy and, when necessary, by more direct disciplinary action.

The above policy has been explained to me, and I have had the opportunity to ask questions about the policy.

INTERNET, E-MAIL AND OTHER ON-LINE SERVICES

Electronic mail (e-mail) is an office communications tool for preparing, sending, and retrieving electronic messages on personal computers. On-line services such as the internet are communications tools for sending and retrieving information and messages on personal computers. These systems are provided for business purposes; use for personal purposes is a privilege and is permissible only within reasonable limits. Use of these systems for conducting a business, exchange of or viewing pornographic materials, or for activities contrary to law or New Mexico Tech policies is prohibited.

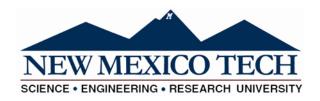

All e-mail and internet records are considered to be Institute records and should be transmitted only to individuals who have a business need to receive them. Additionally, as Institute records, e-mail and internet records are subject to disclosure to law enforcement or government officials or to other third parties through subpoena or other process. Employees should always ensure that Institute information contained in e-mail and internet messages by employees may not necessarily reflect the views of New Mexico Tech's officers or directors. Abuse of the e-mail or internet systems, through excessive personal use, or use in violation of Law or New Mexico Tech policies will result in disciplinary action and/or loss of access to New Mexico Tech's computer systems.

While New Mexico Tech does not intend to regularly review employees' e-mail and internet records, employees have no right or exception of privacy in e-mail or internet. New Mexico Tech owns the computer and software making up the e-mail and internet systems and permits employees to use them in the performance of their duties for the Institute. E-mail messages and internet records are to be treated like shared paper files, with the expectation that anything in them is available for review by authorized representatives of the Institute. Employee e-mail messages and internet records may be disclosed to law enforcement or government officials or to other third parties, without notification to or permission from the employee sending or receiving the messages and records.

Employees should also be aware that log-on and other passwords may not be shared with any third party, nor may they be shared with another employee, unless such password(s) is requested by an authorized officer of the Institute.

The Above policy has been explained to me and I have had the opportunity to ask questions about the policy.

IMPORTANT HEALTH, DENTAL AND VISION INSURANCE INFORMATION

Regular, regular limited term, and full time temporary employees are eligible to participate in the New Mexico Tech health, dental, and vision plans. New Mexico Tech pays the larger portion of the premiums and the employee pays a portion – those amounts are explained in the NMPSIA information packet. In order to obtain coverage, the employee must select the plan(s) most beneficial for him/her and must complete the enrollment form in the packet as soon as possible but not later than 31 days after starting work.

Deductions for premiums will be made as soon after the employee enrolls as possible. NMPSIA health insurance requires that premiums be paid in advance of the start of coverage. In some cases, depending on the employee start date, double deductions must be made for one pay period in order to have health coverage at the start of the following month.

Example #1: A new employee begins working on March 15th and completes the NMPSIA enrollment that week. A double deduction will be made for health insurance at the next pay period in order to begin coverage on April 1st.

Example #2: A new employee begins working on March 15th and completes the NMPSIA enrollment towards the end of the month. Deductions for health insurance will be made in April at both pay periods but coverage will not begin until May 1st.

Please keep these examples in mind when deciding when to enroll in the health, dental and vision plans. Likewise, if you terminate employment at New Mexico Tech, your health, dental, and vision insurance will terminate at the end of the month in which you terminate regardless of the effective date.

OFFICIAL TRANSCRIPTS

Faculty and professional staff are required to request official transcripts to be sent to the Human Resources Department for the employee's personnel file. Transcripts of all post secondary, graduate and post graduate coursework may be requested for the file. Highest degree earned transcripts are mandatory as well as transcripts used to qualify for employment positions, if different than highest degree earned transcripts. Transcripts should be requested by the employee during the first month of employment and should be sent directly to the Human Resources Department. If the official transcripts were sent to the Human Resources Department as part of the application process, these will suffice. Signature below acknowledges compliance with this policy

PART A: General Information

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.12%¹ of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.12% of the employee's household income.¹²

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

¹ Indexed annually; see https://www.irs.gov/pub/irs-drop/rp-22-34.pdf for 2023.

² An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.

Marketplace-eligible individuals who live in states served by HealthCare.gov and either- submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage. In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit HealthCare.gov or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/ for more details.

How Can I Get More Information?

For more information about your coverage offered through your employment, please check your health plan's summary plan description or contact

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit **HealthCare.gov** for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed midyear, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, **HealthCare.gov** will guide you through the process. Here's the employer information you'll enter when you visit **HealthCare.gov** to find out if you can get a tax credit to lower your monthly premiums.

The information below corresponds to the Marketplace Employer Coverage Tool. Completing this section is optional for employers, but will help ensure employees understand their coverage choices.

UU; para proporcionar advertencias de delitos denunciados que representan una amenaza para la seguridad de los estudiantes o empleados "de manera oportuna y ayudará en la prevención de delitos similares"; y hacer públicas sus políticas y procedimientos de seguridad del campus.

Drug Abuse Policy

The Drug Free Workplace Act of 1988 requires that all institutions receiving federal contracts of \$ 25,000 or more, and all institutions receiving federal grants, provide their employees with a drug free workplace. Department of Defense regulations require that contractors establish procedures to ensure a drug free work force. The regents and the administration of New Mexico Tech support these requirements. They accept the challenge to maintain for all students and employees a safe and healthy environment. They intend to adhere to both the spirit and letter of the regulations by implementing and enforcing this drug policy. The regents and administration of New Mexico Tech are committed to protecting the rights of all students and employees. In keeping with the mission of New Mexico Tech, emphasis is given to education as a primary vehicle for reducing to zero the use of illegal drugs and the abuse of other drugs. Further, the regents and administration support and encourage research aimed at understanding drug effects and drug abuse and at developing effective treatment methods. All employees must comply with this drug policy and respects the rights of their fellow employees.

Rules Regarding Drugs

The New Mexico Tech Drug Policy prohibits the following:

- 1. Manufacture, distribution, dispensation, possessions, sale, purchase, or use of illegal drugs on Tech premises or business, or in Tech vehicles, or during work hours.
- 2. Storing and illegal drug in locker, desk, vehicle, or other repository on Tech premises.
- 3. Being under the influence of an illegal drug on Tech premises or business, or in Tech vehicles, or during work hours. Being "under the influence" of an illegal drug is defined as testing positive at a specific mg/kg level.
- 4. Switching or adulterating and urine or blood sample submitted for testing.
- 5. Refusal to consent to testing when required by this policy.
- 6. Failure on the part of an employee to report to the employee's supervisor warnings by a physician that certain job should not be attempted while taking a prescribed drug.
- 7. failure on the part of an employee to notify the Human Resources Office within 5 days of a conviction under and criminal drug for a violation occurring on Tech premises.

Compliance

All employees must comply with this drug policy.

Employee Drug Abuse Awareness Program

An educational program is being developed. This program will make I possible to inform students, employees, and their families about 1) the effects of illegal drug abuse, 2) the provisions of this drug policy, 3) signs and symptoms of drug abuse, and 4) the availability of treatment for those who seek it. Materials concerning drug abuse and drug effects will be available to all employees and their

families. Education about the effects of drugs and drug abuse will be accomplished in many ways. Among these are:

- 1. Materials on drug abuse will be included in academic coerces where appropriate.
- 2. Specials courses and seminars will be given and employees will be allowed time off to attend these offerings.
- 3. An employee assistance program (EAP) (see "Employee Assistance" on following page) will be able to answer questions about drug abuse and about this policy. The EAP will also be able to refer employees and students to other resources for assistance.
- 4. The library will make available books, journals, magazines, and cassettes, videotapes, and special publications giving information on drug abuse, treatment and rehabilitation programs, employees' right to a drug free workplace, and laws regarding drug use and abuse. The library will also make this policy available.
- 5. The Human Resources Office will distribute widely and make available, at several locations, lists of all illegal drugs.
- 6. Supervisory instruction will be provided on how to recognize when drugs may be contributing to a decline in performance or erratic employee behavior on the job.

Employee Assistance

The New Mexico Tech Employee Assistance Program's aim is to help employees who seeking help with drug related problems or have been referred by their supervisors because of declining performance or erratic on-the-job behavior. This program will help employees and students find treatment or counseling whenever it is feasible to do so. Referral to or consultation with the employee Assistance Program is never mandatory nor a continued employment. The employee has primary responsibility for voluntary seeking assistance when it is needed.

The Employee Benefit Plan provides some coverage for treatment or drug problems. Also, a variety of leave forms, paid and unpaid, may be available for employees receiving treatment for drug problems.

Employees who have drug problems are urged to seek help. They can contact the Employee Assistance Program without the permission or he knowledge of their supervisors. Assistance will be provided on a confidential basis. The continued to work at Tech of employees who seek such assistance will NOT be jeopardized because they seek help.

Employees who pursue treatment voluntarily or as a result for referral by the Employee Assistance Program and who continue to work at Tech must meet all established standards of conduct and job performance and comply with this drug policy.

Drug Testing

The Department of Defense requires contractors to perform unannounced random drug test for employees in sensitive positions on DOD contacts. This will be carried out in the following way. At least once a year, a day will be selected at random by the president of New Mexico Tech. Confidential Arrangements will be made with them firm carrying out the testing. On that day, all employees in sensitive positions will be considered eligible for testing. A random sample consisting of 10 to 50 percent of those eligible will be tested. The actual sample percent size and the method of random selection will be determined each year by the president of New Mexico Tech. Offers of employment and promotions and transfers to sensitive positions are conditional on testing drug free.

Employees must sign a consent form provided by the Human Resources Officer prior to the administration of any drug test authorizing the testing. Refusal to sign this consent for could result in disciplinary action, including termination of employment.

Testing will be conducted in strict accordance with the Mandatory Guidelines for Federal Drug Testing Programs issued by the Department of Health and Human Services. Sample collection will be conducted at a designated facility selected by Human Resources. Employees who are tested will be given the opportunity to submit any information that may have an effect, such as a false positive, on their teat results. Competent medical personal will evaluate this information. If it is determined that the employee's justification for a positive test result is sufficient that test will be declared void. Employees who test positive for illegal drugs may request a second test to be made of that specimen, and will be given the opportunity to explain the test results. A positive test is defined as a specimen that tests positive on the initial immunoassay and is confirmed positive by using gas chromatography/mass spectrometry techniques.

In addition to performing the random drug testing described above, all New Mexico Tech Hoist Operators will receive a mandatory unannounced annual drug test. This test will be administered under the same standards described above.

Sanctions for Violating the Drug Policy

Any employee working in a sensitive position who is found in violation of the policy will not be permitted to remain working in a sensitive position. The EMRTC Security Officer will notify the Department of Defense of violations by the employees working in sensitive positions.

Any employee who knowingly violates or refuses to comply with the policy may be subject t immediate and serve disciplinary action that may include, but is not limited, termination. This determination is made solely by the president of New Mexico Tech or his designated officer. All of the protection accorded by New Mexico Tech's grievance policies and other human resources policies are available to persons so disciplined.

Acknowledgement of Receipt of Policy

All employees of New Mexico Tech will sign a statement acknowledging that they have received a copy of the Policy and have read and understood the policy. Employees are expected to comply with the provisions of this policy.
